1.3 The general terms for co-operation shall be represented by this MoU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical enter into all relevant agreements, deeds and documents (the 'Definitive Documents'). The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MoU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
OBJECTIVE OF THE MoU

2.1 The budding engineers from the technical institution could play a key role in technological up gradation, innovation and competitiveness of an industry. EpitomeCircuits, can give valuable inputs to the institution, suitably customize the curriculum and in teaching / training methodology, so that the students fit into the semiconductor industrial scenario meaningfully.

2.2 Both EpitomeCircuits, and RNSIT believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

2.3 Industry and Institution will give an insight in to the latest developments / requirements of the industries; hence the students can be moulded to meet tomorrow's challenges.

2.4 The Industrial training and exposure provided to students and faculty though this association will build confidence and prepare the students to have a smooth transition from academic to working career.

2.5 Arrange Industrial visit to increase the knowledge level of students.

2.6 Arrange joint seminars from industry professionals to share their knowledge with students.

2.7 Arrange joint meetings with faculty to discuss on various topics and the curriculum requirements relating to the industries.

2.8 Provide support for the execution of project work to students in the latest developments / requirements of industry.

2.9 Provide support for the consultancy projects in the area of VLSI design.

2.10 Provide support for Internship and Placement opportunities to students. Provide Cadence Virtuoso Tool Access to the students to pursue the courses online.

CLAUSE 3

to create any legally enforceable obligations against either party. Notwithstanding anything to the contrary, no obligation, covenant, or agreement relating to this MoU shall be binding on the parties.

CLAUSE 8

SAFETY

8.1 RNS Institute of Technology shall take all the necessary and other safety precautions to protect their students / faculty during the industrial training & industrial visits.

8.2 RNS Institute of Technology will be providing the cadence client machine only for RNSIT students who are registered for workshop/ training programme.

CLAUSE 9

GENERAL

9.1 Each of the parties hereto undertake with the other to act in utmost good faith in interpreting and implementing this MoU and agrees to do all things reasonably within its power which are necessary or desirable to give effect to the spirit and intent of this MoU.

9.2 This MoU is the first documented agreement between the parties; in case of contradictions between it and future agreements, the later one is binding.

9.3 Either party may terminate this MoU upon providing seven days written notice to the other party.

The signature of each party's duly authorized representative below shall evidence the agreement of such party that this MoU accurately summarizes its understanding with respect to the subject matter hereof.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) about the Program for Academic Collaboration & Engagement (KPIT PACE) initiative of KPIT, made and entered on this **11th** day of the month of April of the year 2022.

BETWEEN

KPIT Technologies Limited, hereinafter referred to as "**KPIT**", having its Registered office at Plot Number-17, Rajiv Gandhi Infotech Park, MIDC-SEZ, Phase-III, Hinjawadi, Pune – 411057

AND

RNS Institute of Technology (AICTE Approved,VTU Affiliated & NAAC Accredited with 'A' Grade) ,Dr. Vishnuvardhan Road, Channasandra, Rajarajeshwari Nagar Post, Bengaluru - 560 098

RNS Institute of Technology hereinafter referred to as "**the Institute**", located at Dr. Vishnuvardhan Road, Channasandra, RR Nagar Post, Bangaluru- 560098.

WHEREAS, **the Institute is** one of the leading engineering colleges in Bangalore, established in 2001 by Late Dr R N Shetty, nurtured and managed by RNS Trust. **The Institute** is functioning proactively to provide the best professional environment to engineering and management students in terms of academics, industry oriented trainings, sports, co-curricular & extracurricular activities, cultural activities, various competitions, etc to create true aesthetically sensitive, socially committed and technologically competent engineers and management professionals. It offers courses in Computer Science Engg, Electronics & Comunication Engg, Information science, Electronics and Instrumentation, Electrical and Electronics, Mechnanical Engineering, Artificial Intelligence and Machine Learning, Data Science and Civil Engineering, MTech in computer Science and VLSI Design and Embedded Systems, PhD in Computer Science and Electronics and Communication, Chemistry, MCA **as well as MBA**.

AND WHEREAS KPIT is a global technology company with software solutions that will help mobility to leapfrog towards an autonomous, clean, smart, and connected future. With around 7,000+ Automobelievers across the globe, specializing in embedded software, Artificial Intelligence (AI) & Digital solutions, KPIT enables its customers to accelerate implementation of next generation mobility technologies.

AND WHEREAS, the two parties, KPIT and **the Institute** have decided to enter into a strategic collaboration on terms which are mutually beneficial to them. AND WHEREAS both **the Institute** and KPIT desire to spell out the terms and conditions in respect of this collaboration and to enter into a Memorandum of Understanding ("MoU") for that purpose.

KPIT

NOW IT IS AGREED BY AND BETWEEN THE PARTIES AS UNDER

Sec. 1. **Relevance and Objectives of KPIT PACE:** The proposed KPIT PACE is a successor to the existing KPIT PACE between KPIT and various Engineering colleges. A detailed presentation regarding the proposed KPIT PACE was made by KPIT to prospective partner-colleges on 12th Jun and 19th Jun 2021. This Section explains the relevance of KPIT PACE and then highlights the objectives of cooperation under the new proposed KPIT PACE. For the purpose of this MOU, the term "student" will categorically mean "under-graduate students pursuing BE / B Tech in any of the offered Engineering streams by **the Institute**, unless otherwise indicated in the relevant clause. Collectively, KPIT and **the Institute** shall be referred as BOTH PARTIES.

1.1 **Relevance of KPIT PACE:** The relevance of industry-academia collaboration envisaged under KPIT PACE can be gauged from the following:

(a) Present status of automotive software. Software is a major component in automotive systems. As an example, a modern-day car has nearly 150M lines of code, compared to a Boeing 747 with 30M lines of code.

(b) Expectations from the present workforce. To meet the zero-defect and timely delivery of the complex projects in the automotive domain, it is imperative that employees possess strong engineering fundamentals. To achieve this, it is imperative that there is greater focus on building vocational and technical skills through engaging learning activities and an early exposure to real world projects as part of academic courses.

(c) Hiring model. The hiring model has to focus equally on skill-evaluation and assessment of knowledge of the potential candidates. Seeing the present trends, there is a requirement to give increasing weightage to open-source software development. Additionally, there should be emphasis on assessing the learnability of the candidates, since technology and tools are ever-evolving.

1.2 **Objectives of Cooperation under the new proposed KPIT PACE:** The main objective of this MoU is to formally initiate the new Program for Academic Collaboration & Engagement. This initiative will provide a better platform to build a strong and on-going relationship between KPIT and **the Institute**. The primary goals of KPIT PACE are:

(a) To develop and foster strategic linkages between **the Institute** and the Campus Hiring Team and the technical verticals (Practices) at KPIT; and to execute relevant identified activities to meet the needs and expectations of both the parties.

Sign:	Sign:
For the Institute	For KPIT

(b) To offer training-modules / courses of mutual interest to students and jointly issue certificates to them, upon successful completion of the course(s). Competency is a combination of knowledge and skill. Hence, there is greater focus on skill-building over an extended duration through monthly challenges / hackathons, compared to the earlier KPIT PACE engagement.

(c) To collaboratively engage in placement activities, whereby KPIT shall provisionally recruit competent students of final year of BE / B Tech programmes of **the Institute**, depending on the annual need and growth plan of KPIT.

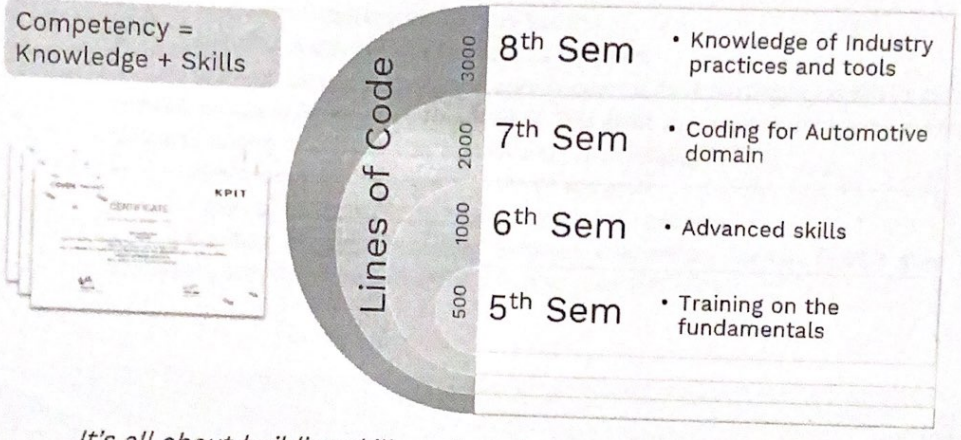

(d) To identify the areas of research and development in Engineering of mutual interest and work on the identified proposals jointly on agreed terms. KPIT will strive for greater engagement of its Engineers and Experts for the benefit of the students and faculty members.

(e) To bridge the gap between academia and industry and contribute to the education eco-system within the colleges and at KPIT. KPIT PACE has a greater focus on the teaching community and faculty to create collaborative mechanisms. KPIT will make all attempts to provide exposure to faculty members in emerging technologies; and offer advice for achieving educational objectives and outcomes of the UG programmes. It is also envisaged to take assistance of the faculty members, not only in R&D projects; but also, in the internal training programmes (modules) of KPIT for its employees.

(f) To strive for increased cooperation in the recruitment of other categories of students, other than BE / BTech. KPIT shall reach out to **the Institute**, for suitable engagements for internships as well as hiring for the other category of students, viz. BCS, MCS, BSc/MSc (honours in either one of Comp Sc, Maths, Electronics or Physics), Diploma (Circuit and non-circuit branches), ME and MTech ... based on the business needs of KPIT. Colleges are requested to share the availability of students, recruitment details and statistics (mean, median, min and max) about the salaries offered by the various companies to the present and past batches. Care shall be taken by KPIT regarding the confidentiality of all data shared by the colleges.

Sec. 2. **Proposed KPIT PACE:** The focus of KPIT PACE, the main features, overview of the two-year journey from the 5th semester, and the four stages of the proposed KPIT PACE are outlined in this Section and in Figure 1.

It's all about building skills and not just enhancing knowledge

Note: The Lines of Code are representative and not exact expectations mapped against each semester of engagement.

Figure 1: Greater focus on continuous engagement, skill-building and skill-assessment

Sec. 3. **Focus of KPIT PACE - Continuous engagement, skill-building and skill-assessment:** We notice in Figure 1, that it is proposed to engage with the students from their fifth semester. By way of frequent contests and hackathons, it is envisaged that the students would have written approximately 3,000 lines of code (representative numbers, based on industry experience) in one of the three identified tracks.

This is with the aim of skill-building of the students over an extended duration. The three tracks are:

- Object Oriented Programming (OOP) with C++
- Embedded Systems & C Programming
- Model Based Design with MATLAB® / Simulink®

3.1 **Main features of KPIT PACE:** Figure 2 gives an overview of the main features of KPIT PACE:

- Continuous and sustained focus on the three skill-tracks mentioned in the foregoing.
- Frequent connects with industry experts.
- Monthly challenges and frequent Hackathons.
- In the 8th semester, students have an opportunity to participate in KPIT's ab-initio training program for its freshers – Genesis. This gives an opportunity to top-performers for participating in live-projects, immediately upon joining KPIT.
- Opportunity for internships in the 8th semester.
- Campus recrement at the beginning of the 7th semester.
- Conduct of the Automotive Software Engineering Course (ASEC) over two semesters. This would be part of the future scope of KPIT PACE.

3.2 **Two-year journey from the 5th semester:** Figure 3 shows an overview of the two-year journey, further broken down into four cardinal stages. We see, that there is substantial focus on skill-building via gamification and frequent contests.

(a) **Stage 1 - KPIT PACE Foundation:** This would span the 5th and 6th semesters for students from all branches of Engineering. KPIT understands that there might be students from branches other than CS / IT, Mechatronics, Electrical Engr, Mechanical Engr or Circuit branches who may have a passion for mobility-related technologies. They are most welcome to be a part of the KPIT PACE Foundation programme. Colleges can carve their own selection strategy to enrol students for this stage. We all understand that good calibre students selected at this stage add to the long-term success of the program at the respective colleges; and colleges are best suited to carry out this selection exercise. KPIT suggests that this selection stage can be aligned with the Campus Selection stage, explained in the succeeding paragraphs.

(b) **Stage 2 - Campus Selection:** On completion of KPIT PACE Foundation, there would be a Campus Selection stage. The students would be assessed on the following:

- Assessment for the three skill tracks –
  - Object Oriented Programming (OOP) with C++
  - Embedded Systems & C Programming
  - Model-Based Design (MBD) with MATLAB® / Simulink®

- Fundamentals of Engr Maths – conceptual understanding of mathematical concepts and ability to model mathematically, rather than rote learning or mere solving of problems.

- Knowledge of written and spoken English (equivalent to IELTS 7). KPIT expects the colleges to build this competency early in the academic journey of the students. This will help the students to meet the professional competency expectations during the Selection Process. KPIT, if required, will help the college in defining the required standard.

- Preference would be given to students who possess Foreign Language competency in Japanese (typically N4 / N3 level) and German (typically A2 / B1 level). Colleges are requested to encourage the students in this endeavor. KPIT will identify the top-performers in these languages and offer them part-scholarships during the KPIT PACE Advanced for acquiring higher language competency levels.

- Preference would be given to students who have participated and completed the KPIT PACE-Foundation programme. Hence, it is reiterated that good calibre students are selected by the colleges for entry to Stage-1.

(c) **Stage 3 – KPIT PACE Advanced:** Upon selection through the Campus Selection stage, the student is eligible for the KPIT PACE-Advanced stage. This would span the 7th

Sign:	Sign:

and 8th semesters for students from branches of Engineering, which are suitable for KPIT - typically CS / IT, Mechatronics, Electrical Engr, Mechanical Engr or Circuit branches. Further details are indicated in the figure. Please note the following activities in the 8th semester:

- Opportunity for students (in 8th semester) to directly participate in the ab-initio training programme of KPIT for its Graduate Trainee Engineers (GTEs) – the GENESIS Training Program. This unique opportunity would be offered to the high-performing students in the Campus Selection stage, making sure that it does not hamper their academic activities.
- Exposure to the automotive domain.
- Focus on Zero Defect Delivery, First Time Right
- Adaptation to KPIT's Culture of Excellence
- Internship, wherein the students would be exposed to the KPIT Project Environment.

(d) **Stage 4 – Onboarding at KPIT:** The onboarding of the successful candidates would be spread over July to Dec after completion of their BE academic requirements. Further details are as follows:

- Onboarding as per performance in KPIT PACE and GENESIS.
- Preference shall be given to the top performers for their onboarding. The actual onboarding schedule shall be governed by the actual business need during that period.

Sec. 4. Benefits of KPIT PACE for various Stake-holders: The students, the participating institute (faculty), and the industry-partner are the main stake-holders in any industry-academia collaboration. This Section attempts to elaborate the benefits envisaged for the various stake-holders.

4.1 Benefits for the students: It is evident that the continuous engagement and focus on skill-building offers an excellent opportunity to the students to learn and grow whilst they are still in college. The additional benefits can be summarized as follows:

- Students become industry-ready right out of college.
- Summer internships are offered for top performers after KPIT PACE Foundation.
- A badge of honor is awarded, leading to a more attractive resume.
- After joining KPIT, there is an opportunity for higher education with reputed universities across the globe. This initiative ensures that KPIT employees pursue their higher education whilst simultaneously building their professional career with KPIT.

4.2 Benefits for the participating institute and their faculty: KPIT PACE gives an opportunity for **the Institute** to engage with a company which is committed to various aspects of mobility – a niche and emerging area with a very high impact. The benefits can be summarized as follows:

Sign:	Sign:
For the Institute	For KPIT

- The students at **the Institute** are industry-ready right out of college.
- It is possible to include the modules of the KPIT PACE program as part of the academic credits of the student, especially for autonomous colleges.
- KPIT is one of the few Indian companies totally focused on mobility.
- Understand the 'Whys' from the industry experts.
- Opportunity for joint publications along with industry.

4.3 **Benefits for KPIT:** KPIT PACE aims to bridge the gap between industry and academia by imparting industry-relevant skills in engineering education from the 5th semester onwards. This has the following benefits:

- Helps KPIT to build an early connection with the young minds.
- KPIT gets an industry-ready work-force right out of the colleges.
- Opportunity for joint publications along with academia.
- First preference to KPIT over other companies during the recruitment drives.

Sec. 5. **Governance for KPIT PACE:** Under KPIT PACE, KPIT and **the Institute** shall establish a Joint Working Group (JWG) for coordination. Both parties shall ensure that the JWG comprises of appropriate personnel to discuss and implement the activities mentioned in this MoU.

5.1 **From the Institute:** The overall leadership of the KPIT PACE program would be with **Dr Vipula Singh**, Prof and Head ECE Dept. However, the JWG would comprise of:<only the designations of the members should be given>

- SPOC from the Institution,
- **Dr Vipula Singh**
- Heads of the Electronics & Communication Department
-

5.2 **From KPIT:** The overall leadership of the KPIT PACE program would be with the Head of the Education and Competency Development (ECoDe) team of KPIT. However, the JWG would comprise of:

- SPOC from KPIT, typically the Head of the Freshers' Hiring and Training Team.
- Head of the Program Management Team (PMT).
- Designated Expert(s) from the Engineering Academy Team at KPIT.

5.3 **Periodicity of Review of Progress:** It is proposed to have following stages of review:

- Formal review at the end of the KPIT PACE Foundation Program, individually with all the participating colleges.
- Formal review at the end of the KPIT PACE Advanced Program, individually with all the participating colleges.
- Joint knowledge-sharing session with all the KPIT PACE partner colleges, once in six months.

Sign:	Sign:
For the Institute	For KPIT

Sec. 6. **Mechanisms for Cooperation:** The JWG shall implement, administer and execute the following measures:

- Sustained engagement of students for skill-building on the three skill-tracks of KPIT PACE.
- Academic Curriculum Planning
- Participation in Knowledge Sharing
- Selection of students from **the Institute** at the end of KPIT PACE Foundation (before 7th semester).
- Internship to top-performing students in their 8th semester, as part of KPIT PACE Advanced.
- Participation in Technical Events and Competitions organized by KPIT, such as KPIT Sparkle.
- Hardware and software infrastructure to be provided by **the Institute**.
- Skill-building and Training Mechanism.
- Marketing and Branding.
- Language Proficiency in spoken and written English (steered by the colleges).
- Language Proficiency in foreign languages – German and Japanese (steered by the colleges).

6.1 **Sustained engagement of students for skill-building on the three skill-tracks of KPIT PACE:** KPIT has planned a sustained engagement by way of continuous skill-building and gamification (contests). Colleges are requested to ensure sustained engagement of the students; and prevent malpractices during the contests. It is reiterated that performance in the contests shall not determine the selection at the Campus Selection stage. Participation and gamification during the KPIT PACE Foundation is primarily for skill-building and generating interest.

6.2 **Academic Curriculum Planning:** KPIT shall aid in the academic curriculum by providing the field inputs, technology driven changes to the Board of Studies (BoS) at the departmental level or to the Departmental Academic Committee (DAC) of the institution.

6.3 **Participation in Knowledge Sharing:** KPIT shall strive to provide its speakers to deliver technical presentations and talks on industry-relevant topics, jointly decided by **the Institute** and KPIT. Such lectures shall either be a part of the curriculum or as knowledge-sessions for the students.

6.4 **Selection of students from the Institute:** KPIT PACE aims at identification of competent youth who will join KPIT in its quest for being the leader in its chosen field. Hence, KPIT shall recruit competent and potential students of final year of UG programmes depending on the annual need and growth plan of KPIT. This activity shall be governed by the selection process steered jointly, by the Placement Cell of **the Institute** and KPIT. KPIT is under no compulsion to

Sign:	Sign:
For the Institute	For KPIT

guarantee placements to the students at **the Institute**. Once a student is given a firm Offer Letter by KPIT (after the Campus Recruitment stage in the 7th semester), he or she should be allowed to appear for the drive of any other company only if the offered salary by the other company is more than 1.5 times of the salary offered by KPIT. The entire recruitment procedure shall be decided by the KPIT Freshers' Recruitment Team which shall decide the procedure of campus recruitment including but not limited to selection criteria, selection process and elimination rounds. Deterrence for malpractices - onus on the colleges. There may be a requirement to conduct face-to-face examinations / interviews in the College Campus. Students from more than one college may attend the event at **the Institute**. Your college may then serve as a nodal-centre. At these chosen nodal-centres, you are requested to provide:

- A suitable venue for the conduct of the assessment / interview.
- Gate Pass for the visiting students and faculty (Invigilators) from other colleges.
- Infrastructure required for these assessments would be separately intimated to these nodal-centres.

6.5 **Internship to top-performing students in their 8th semester, as part of KPIT PACE Advanced:** Depending upon the opportunities in the various projects, KPIT shall strive to place the top-performing students in internship programs spanning two / three months. KPIT shall identify, encourage and support the evolving technical competence in students by providing internships to these students. KPIT may deploy select interns on specific technical works at their development centers. The normal mode of engagement for these internships shall be virtual, where the students shall engage with KPIT experts from their home / college. KPIT shall evaluate the quality of the work carried out by the interns and award them with a certificate at the end of the internships on the basis of their performance (at KPIT's discretion). Industry-Institute Coordinator of **the Institute** shall co-ordinate with KPIT throughout the process including initiation of the internship request at the appropriate time, selection of students for the internship, overseeing the technical work carried out by the interns and the evaluation of the work carried out by the interns as might be required by KPIT.

6.6 **Participation in Technical Events and Competitions organized by KPIT:** KPIT shall strive to involve the students in technical events. Such events include KPIT Sparkle, national / international conferences, workshops, finishing-schools, hackathons or symposia. The final decision shall be taken on a case-to-case basis after discussion between the two parties.

6.7 **Hardware and software infrastructure to be provided by the Institute**. The details are provided at Annexure A to this MOU.

6.8 **Skill-building and Training Mechanism**. The details are provided at Annexure B to this MOU.

Sign: For the Institute	Sign: For KPIT

6.9 **Marketing and Branding by the Institute. The Institute** shall promote all KPIT's initiatives to **the Institute**'s ecosystem consisting of students, Talent Placement Officers (TPOs), faculty and alumni network. A few of the suggested mechanisms are:

- **The Institute** shall create awareness about the program under this partnership via virtual-events, social-media campaigns, emails and SMS / WhatsApp messages.
- **The Institute** shall allow use of the communication ecosystem of **the Institute** to spread the news / updates related to the various programs events.
- **The Institute** shall appoint SPOCs to conduct marketing and branding activities within **the Institute**.
- **The Institute** shall take prior approval from KPIT team before using KPIT's logo and any other brand identity for promotion of **the Institute**. The partner Institute shall share and use of marketing under this section only such content that has been previously agreed upon or approved by KPIT team
- **The Institute** shall conduct promotional activities along with KPIT team to increase the participation in monthly contests and other initiatives under this program. The promotional material and message will be provided by KPIT team and can be circulated to **the Institute**'s ecosystem based on mutual discussions. The partner Institute shall encourage students to participate in such contests. Data regarding the participation and performance of students would be shared with KPIT for analytics and further improvements. KPIT hereby undertakes that such data will be treated with utmost confidentiality.
- **The Institute** shall engage in a regular feedback mechanism to provide real time information about the success of program / initiatives.

Sec. 7. Effective Date of this MOU and Mechanism for Change-Management: This MoU shall be effective from the date it is signed by the parties hereto. This MOU can be amended once in twelve months. A prior notice of two months is to be given to the parties, to incorporate the changes.

Sec. 8. Confidentiality:

8.1 The term "Confidential Information" shall mean any information disclosed by one party ("Discloser") to the other ("Receiver"), pursuant to this MoU or otherwise, which is in written, graphic, machine readable or other tangible form and is marked as 'Confidential' or 'Proprietary' or in some other manner to indicate its confidential nature. Confidential information may also include oral information disclosed by one party to the other, pursuant to this MoU, provided that

such information is designated as Confidential at the time of disclosure and reduce to a written summary by the disclosing party, within 30 days after its oral disclosure, which is marked in a manner to indicate its confidential nature and delivered to the receiving party.

8.2 For the term of this MoU, each party, shall treat as confidential all confidential information of the other party, shall not use such confidential information except as expressly set forth herein or otherwise authorized in writing, shall implement reasonable procedures to prohibit the disclosure, unauthorized duplication, misuse or removal of the other parties confidential information and shall not disclose such confidential information to any third party except as may be necessary and required in connection with the rights and obligations of such party under this MoU. Without limiting the foregoing, each of the parties shall use at least the same procedures and degree of care which it uses to prevent the disclosure of its own confidential information of like importance to prevent the disclosure of confidential information disclosed to it by the other party under this MoU.

8.3 Confidential information shall not include information, which:

(a) Was generally known and available at the time it was disclosed or becomes generally known and available through no fault of the receiver, was known to the recipient of such information, without restriction, at the time of disclosure as shown by the files of the recipient in existence at the time of disclosure.

(b) Is disclosed with the prior written approval of the disclosure.

(c) Was independently developed by the receiver without any use of the confidential information, and by employees and other agents of the receiver who have not been exposed to the confidential information, provided that the receiver can demonstrate such independent development by documented evidence prepared contemporaneously with such independent development.

(d) Becomes known to the receiver, without restriction, from a source other than the discloser without breach of this MoU by the receiver and otherwise, not in violation of the discloser's rights.

8.4 Each party shall be entitled to disclose the other party's confidential information to the extent such disclosure is requested by the order or requirement of a Court, administrative agency, or other governmental body, provided that the party required to make the disclosure shall provide prompt and advance notice thereof, to enable the other party to seek a protective order or otherwise prevent such disclosure.

8.5 The parties shall, upon expiration of this MoU, promptly deliver to each other, all material in their possession or in the possession of their employees. The parties shall ensure destruction

of such confidential information if the return of information to the Discloser is not possible / viable.

8.6 The Recipient shall keep the confidentiality of the Confidential Information of the Discloser and not use the Confidential Information for any purpose other than the purpose for which the Confidential Information was provided to the Recipient.

8.7 Upon request by the Discloser, Recipient shall immediately return the Confidential Information of the Discloser.

8.8 **the Institute** shall cooperate with KPIT in getting Non-Disclosure Agreements signed by the students if such a request is made by KPIT.

Sec. 9. **Validity of this MOU**: This MOU under the KPIT PACE initiative of KPIT, shall be valid for a period of 24 months from the date of signing by **the Institute** & KPIT. This MOU shall be renewed for a further term with mutual consent. Either party may terminate this MOU by giving 30 days prior written notice to the other. Despite termination, the parties shall abide by usual professional ethics and normal code of conduct to maintain the confidentiality of the information and intellectual property rights.

Sec. 10. **Renewal of this MOU**: This MOU will be renewed subject to **the Institute** meeting the various criteria set by KPIT from time to time.

Sec. 11. **Limitation of Liability:** In no event, shall either party be liable to the other for any loss of profits, loss of revenue, loss of data, loss of use, any indirect, incidental, special, exemplary, punitive or consequential damages, incurred by either party or any third party, whether in an action in contract or tort, strict liability or other legal or equitable theory regardless of whether such damages were foreseeable or if the other party or any other person has been advised of the possibility of such damages. Neither party hereunder shall be liable for any consequential loss or damages arising out of the performance of obligations under the terms of this MoU. Save in respect of Clause 7 above, KPIT shall not have any liability or legal binding to **the Institute**, by virtue of executing this MoU.

Sec. 12. **Relationship between the Parties:** Nothing in this MoU is intended to create a partnership, joint venture or any other form of relationship between the Parties. Neither party makes any representations or warranties, whether express or implied. Neither party shall be liable to the other party for any indirect, consequential or any damages, whatsoever.

Sec. 13. **Arbitration:** Any dispute and/or difference or claim arising out of or pertaining to this Agreement shall first be resolved amicably by the parties through negotiations involving their senior management, failing which the same shall be submitted to arbitration. Such arbitration proceedings shall be conducted in English Language at Pune in accordance with Arbitration and Conciliation Act, 1996 and the rules made thereunder, as amended from time to time. The arbitration shall be conducted by an

Arbitral Tribunal consisting of three arbitrators. Each party shall appoint an arbitrator and the two arbitrators appointed by the parties shall jointly appoint a third arbitrator. The award passed by such arbitral tribunal in pursuance of such arbitration proceedings shall be final and binding on both parties.

Sec. 14. Governing Law and Jurisdiction: This MOU shall be governed by the laws of India. Any dispute arising out of or in connection with this MOU shall be subject to the jurisdiction of the courts in Pune.

Sec. 15. Notice: All notices, including notices of change of address, required to be sent under this Agreement shall be in writing and shall be deemed to have been given when sent through post and electronic mail to the addresses set forth in this Agreement for the Parties.

Sec. 16. Severability: In the event any provision of this Agreement is held to be invalid or unenforceable, the remaining provisions of this Agreement will remain unimpaired and in full force. Further, the parties shall make attempts to replace the invalid or unenforceable provision with a valid or enforceable provision, that comes as close as legally possible, to reflect the intention of the parties behind the provision, that is held to be invalid or unenforceable.

Sec. 17. Waiver: The waiver by either party of any default or breach of this Agreement shall not constitute a waiver of any other or subsequent default or breach. All waivers, to be valid, have to be in writing and signed by the authorized representative of the party granting the waiver.

Sec. 18. Force Majeure: Neither party shall be in default or otherwise liable for any delay in or failure of its performance under this Agreement where such delay or failure arises by reason of any Act of God, or any government or any governmental body, strikes or labor disputes, acts of war, terrorism, pandemics, epidemics, civil disturbances, governmental regulations, political situation/unrest, security threat perception or such similar cause beyond the control of such party. The obligation of the party whose performance is affected by such events or causes shall remain suspended during the period of those events or causes. However, if such events or causes continue for a period of more than thirty (30) days, the other party (the party other than the one whose performance is subject to such events or causes) may terminate the Agreement by giving seven days prior written notice to the other.

Sec. 19. Entire Agreement: This Agreement constitutes the entire agreement between the parties with respect to the services mentioned herein and supersedes all previous agreements, promises, proposals, representations and understandings whether written or oral, between the parties respecting the subject matter hereof.

Sec. 20. Assignment: This Agreement will not be assigned either in whole or in part by any Party without the written consent of the other Party.

Sec. 21. Authority: Each person executing this Agreement warrants and represents that he or she has the authority to enter into this Agreement on behalf of the Party whose name appears above their signature.

Sec. 22. Headings: Headings are inserted for the convenience of the Parties only and are not considered when interpreting this Agreement.

Sec. 23. Counterparts and Facsimile: The parties agree that this Agreement may be signed in counterparts which together shall constitute one instrument, and that signatures exchanged by facsimile are legal and binding.

Sec. 24. Indemnification: Each party to this MoU agrees to indemnify and hold the other party harmless from and against any and all losses, damages, costs or expenses (including lawyers' fees) arising in event of breach of any obligation by either party arising under this MoU or arising from any illegal, negligent, criminal act or omission, or misrepresentation. Notwithstanding anything contained in this MoU, no party shall be liable for any indirect, consequential, punitive, special or exemplary damages to the other party.

Exhibit 1: Data Processing Addendum Exhibit

Software Services for Career Education

Read-only access of Client Personal Data

This Data Processing Addendum Exhibit (DPA Exhibit) specifies the DPA for the identified Service.

1. Processing

IBM will process Client Personal Data for the Service, as described in the SOW and as supplemented and specified by this DPA Exhibit.

1.1 Processing Activities

The processing activities with regard to Client Personal Data are:

- Reading

IBM will access Client Personal Data only through the applicable Cloud Service as a "User" in a read-only mode.

2. Client Personal Data

2.1 Categories of Data Subjects, Types of Client Personal Data and Special Categories of Client Personal Data

The Categories of Data Subjects, Types of Client Personal Data and Special Categories of Client Personal Data are defined in the DPA Exhibit (Data Sheet) applicable for the respective Cloud Service for which IBM is providing the Services, as specified in the SOW. Therefore the information set out in the DPA Exhibit regarding Categories of Data Subjects, Types of Client Personal Data and Special Categories of Client Personal Data for the respective Cloud Service also apply to the Service.

3. Technical and Organizational Measures

The technical and organizational measures in respect of the relevant Cloud Service are set out separately in the DPA Exhibit for that Cloud Service. The technical and organizational measures (TOMs) applicable to the Service are described below. Client confirms its obligation to implement appropriate TOMs within its own area of responsibility as required by applicable Data Protection Laws.

3.1 Data Protection

a. IBM will treat all Content as confidential by not disclosing Content except to IBM employees, contractors, and subprocessors, and only to the extent necessary to deliver the Service, unless otherwise specified in the SOW.

3.2 Access Control

IBM workstations used to access Client Personal data are secured under standard IBM IT security policies and rules that cover password control, anti-virus protection, firewall protection, hard drive password or disk encryption, automatic security patch installation, VPN to access the IBM network, control of IBM required software on the workstation, approval requirements for open source software and monitoring software to ensure security policy compliance.

IBM may require access to Client Personal Data through the Cloud Service as a user to deliver the Service. Such user access is controlled by the Client. Client will restrict and limit such access to the least level required to provide and support the Service. Such access, including administrative access

e-Signed by Dr. M.K VENKATESHA
e-Signed by Jagadish K G

(privileged access), will be individual, role-based, and subject to Client processes and policies. Client will terminate such access provided to IBM personnel at the end of the Service.

3.3 Security Policies

IBM will maintain and follow its standard mandatory employment verification requirements for all new hires, including supplemental employees, and extend such requirements to wholly owned IBM subsidiaries. In accordance with IBM internal process and procedures, these requirements will be periodically reviewed and include, but may not be limited to, criminal background checks, as legally permitted, proof of identity validation, and additional checks as deemed necessary by IBM. Each IBM company is responsible for implementing these requirements in its hiring process as applicable and permitted under local law.

IBM employees will complete security and privacy education annually and certify each year that they will comply with IBM's ethical business conduct, confidentiality, and security policies, as set out in IBM's Business Conduct Guidelines. Additional policy and process training will be provided to persons granted administrative access to the Service components that is specific to their role within IBM's operation and support of the Service.

4. Deletion and Return of Client Personal Data

IBM will neither return nor delete the Client Personal Data as the Service is being provided directly within the Cloud Services and therefore the regulation about deletion and return set out in the DPA Exhibit for the respective Cloud Services applies.

5. Subprocessors

a. IBM Data Importers (IBM companies established outside either the European Economic Area or countries considered by the European Commission to have adequate protection):

Name of Subprocessor	Address of Subprocessor
IBM India Private Limited	IBM India Private Limited No. 12, Subramanya Arcade, Bannerghatta Road, Bengaluru – 560029, India

6. International Data Transfer

6.1 EU Standard Contractual Clauses

EU Standard Contractual Clauses signed by all IBM Data Importers is available at: http://ibm.biz/EUMCDoc.

7. Data Privacy Officer and Other Controllers

Client is responsible for providing complete, accurate and up-to-date information about its data privacy officer and each of their other Controllers (including their data privacy officer). Any updates to the information should be provided to IBM by contacting DPA.Help.project@uk.ibm.com along with the contract # and client name.

AKAM- EBSB

Report on Paired State Visit

We are proud that RNSIT was chosen as sender institute by AICTE in Azadi ka Amruth Mahotsav - Ek Bharat Shreshtha Bharat (AKAM-EBSB) paired state visit. This programme aims to enhance interaction & promote mutual understanding between people of different states/UTs through the concept of state/UT pairing. The states carry out activities to promote a sustained and structured cultural connect in the areas of language learning, culture, traditions & music, tourism & cuisine, sports and sharing of best practices, etc. Hon'ble Prime Minister propounded that cultural diversity is a joy that ought to be celebrated through mutual interaction & reciprocity between people of different States and UTs so that a common spirit of understanding resonates throughout the country.

The Prime Minister's 'AKAM-EBSB Paired States Visit' has selected RNS Institute of Technology as the sender institute from Karnataka. The receiving Institute at Uttarakhand was Gurukul Kangri University, Haridwar. In this regard RNSIT and Samagra Shikshana Karnataka, Bengaluru has selected 50 students (25 students from all Engineering. MBA, MCA disciplines & 25 students from 9^{th} -12^{th} standard across various districts from Karnataka). The faculties Dr. Mallikarjun H M, Asst. Prof. Dept. of EIE & Prathap N, Dept. of Physical Education & Sports escorted students and visited Haridwar from Aug. 3-13, 2022. The AKAM-EBSB visit's "Flagging off ceremony" was organized at Grand steps, East entrance, Vidhana Soudha on August 3, 2022 at 10:30 a. m by Smt. B B Cauvery, State Project Director, SSK, GoK.

The visit preparation and selection of students involved consistent efforts from Shri. B C Nagesh- Minister of School Education, Smt. B B Cauvery, State Project Director, SSK, Shri S G Nagesh, KES, Joint Director, SSK and Dr. M K Venkatesha, Principal, RNSIT, Dr. Andhe Pallavi, Prof. & Head, Dept. of EIE & Faculties from RNSIT.

The AKAM-EBSB Paired States Visit followed an extensive list of events for cultural exchange from August 3-13, 2022. The itinerary at Gurukul Kangri University, Haridwar included- visits to Patanjali Yogpeeth (Cuisine, sports & cultural activities), GKU Museum (History & culture), Acharyakulam- A Residential Educational Institute (showcasing culture & traditions of Uttarakhand), Patanjali Research Institute (sharing of best practices), Ganga Aarti at Haridwar & Rishikesh (Tourism & traditional), Dev Sanskriti Vishwavidyalaya- Yoga university at Shantikunj (Yoga Learning), Chilla Hydroelectric power project (Industrial Visit), Relaxo- Sparx Footwears Limited, Sidcul (Industrial Visit). Cultural Evening was organized by GKU.

The escorts Dr. Mallikarjun H M, Asst. Prof., Dept. of EIE, Prathap N, Dept. of Physical Education & Sports and students were enlightened by participating & learning technology, culture and traditional heritage by visiting Uttarakhand in this event. We are thankful to RNSIT Management for sponsoring and extending complete support throughout the event. We thank Shri. Satish R Shetty, Managing Trustee, Karan S Shetty, Executive Director, RNS group of Institutes for sponsoring this event. We are thankful to Dr. M K Venkatesha, Principal RNSIT, Dr. Andhe Pallavi, Prof. & Head, Dept. of EIE, Dr. U Bhojanna, Prof. & Head, Dept. of MBA for extending complete support throughout the event.

Sub: Request for Permission to visit KAVIKA.

RNSIT is one of the premier Institute offering Quality Engineering Education to the students from all over the country. In Electrical & Electronics Engineering branch, there are subjects like Switchgear & Protection, Electrical Machine Design & Transformers.

I propose to take the students to visit an industry to show the practical aspects related to transformer designing, so that it will give them a good exposure in their subjects.

In view of the above, may I request you to kindly permit our 6th semester Electrical & Electronics Engineering students to visit KAVIKA on Tuesday 17th May 2022 (33 students) and Thursday 19th May 2022 (33 Students) at 02.00PM and explain the various aspects of transformers . I am enclosing a list of students and faculty members for your records.

I shall be much obliged if you can confirm the program.

Thanking you,

Dear Sir,

Sub: Permission for the visit of B.E (Electronics and Communication Engineering) students to NAL Bengaluru.

The Department of Electronics and Communication Engineering, RNS Institute of Technology under Visvesvaraya Technological University (**VTU**) has been offering UG, PG and PhD programs from the academic year 2001 - 02.

The students of Pre-final year (ECE) are very keen to visit NAL, Bengaluru and get an insight into their learning on Applications of Electronics and Embedded systems. The list of students will be sent to you shortly. They will be accompanied by two faculty members from Electronics & Communication Engineering Department. All the students are Indian nationals.

On behalf of our institution, I would like to request you to grant permission for our students (60) and faculty members (2) to visit on **22nd March, 2019 at 1:00 pm**. We ensure to abide by the rules and regulations of your organization and make this industrial visit one of the finest technology base for our students.

Thanking you in advance and eagerly waiting for your favor in this regard.

Faculty in-charges:
1. Prof. Ghousia Begum, Asst. Prof.
2. Prof. Manjunath Naik V., Asst. Prof.

Industrial Visit to United Telecom Ltd

22/09/18

Last saturday, the 22nd of September 2018, we had been United Telecom Ltd for our industrial visit. UTL is an ian company specializing in telecom networks. They are ufacturers and service providers for wide range of tablet mputers, laptops, telecom product etc.

We first paid our visit to SMD department i.e face mount devices. This department mainly had machines e
- x) PCB loader
- x) Solder paste pointer
- x) Solder paste inspection
- x) Chip and IC placer
- x) Automatic optical inspection

On the surface only the components would have been dered. The components will be visible to us. On the empty B board... they had various machines listed above hich are automated and can do the work of PCB loading lder paste pointing, then inspect if the paste is sufficient not. If it's less then the soldering will not happen pperly. If it's more it may get shorted. So it is cessary to be inspected. The chip and IC placed machine as used to place the components to the boards ke resistor, capacitor, various IC's on to the board once e check says that this component is alright and can placed on to the board.

The automatic optical inspection machine is used to k if the placed components are fixed exactly in it places moved away from it. Then finally manual check is done an operator, by keeping the board under magnifying lens

INTRODUCTION

The department of civil engineering had organized a technical visit to THORAIKADANAHALLI WATER TREATMENT PLANT for 5th semester B.E on 7th MAY 2018, who was accompanied by two of the faculties of the department.

THORAIKADANAHALLI WATER TREATMENT PLANT

Entrance of the T.K.HALLI Water treatment plant

Bangalore Water Supply and Sewerage Board is an autonomous body formed by the State legislature under Bangalore Water supply and Sewerage Board Act on 10-09-1964 for Water Supply & Sewage disposal. The Bangalore Water Supply and Sewerage Board (BWSSB) is responsible for providing water supply to BBMP area of 800 sq. km. At present BWSSB is supplying treated Cauvery Water to Bangalore City under the Cauvery Water Supply Scheme (CWSS) Stage I, II, III & Stage IV Phase I & II with total installed capacity of 1310 MLD.

Considering the technical aspects and water demand it is proposed to take up the Stage V Scheme in two Phases i.e., Phase I of 500 MLD (6.45 TMC) capacity and Phase II of 275 MLD (3.55 TMC) capacity.

It has the following mandates:

- adequate water supply to meet demand;
- creation of sewerage network & safe disposal of sewage;
- Preparation, implementation of plans & schemes for augmenting water supply & safe disposal of sewage;
- Levy and collection of water charges on 'no loss no profit basis' for sustainability of the system.
