Report on C^3 2017 (International conference on Circuits , controls and communications)

The C^3 conference is jointly being conducted by the Department of Electronics & Communication Engg., Electrical & Electronics Engg. and Electronics &Instrumentation Engg., once in four years. The first C3 was held during 2013, it was a successful venture. Now C^3 2017 was held during December 15-16, 2017.

A total of 193 papers were received out of which 82 papers were accepted. Acceptance ratio is 45%.

The conference has received papers from countries like China, Germany, US, Israel and Nepal. There were papers from all over the country from premier institutes like IITs, NITs and organizations including ISRO and DRDO.

The conference was inaugurated on December 15, 2017, by the Chief Guest Dr. Karisiddappa, honorable Vice Chancellor, Visvesvaraya Technological University, Belagavi and guest of honor Dr. C. P. Ravi Kumar, Director, Texas Instruments, followed by key note address by Mr. Dilip Krishnaswamy, Senior Scientist, IBM Research.

The morning sessions began with 3 parallel technical sessions chaired by Dr. Navin Kumar from COMSOC, Mrs. Anitha S from CISCO and Mr. Harikrishna Rai from Philips.

The afternoon session began with a Plenary Talk on "Industrial Control Systems for Generation Y" by Mr. Venkatesh Yelsangikar, Director Engineering, Honeywell Technology Solutions, followed by 2 parallel technical sessions chaired by Mr. Chitrananda Sindhu from Intel and Mrs. Anandi G, Chairman, IEEE CIS section, Bangalore, and a student session chaired by Dr. P A Vijaya, HoD, ECE, BNMIT.

The post tea session began with a Plenary Talk on Mobile Internet of Things by Mr. J Gubbi from TCS.

The day concluded with bracing cultural program and an appetizing banquet dinner.

Report on International Conference ICDECS-2019 held on Dec 19-20, 2019 Organized by CSE & ISE

On behalf of the Chief Patron, Patrons, General Chair, Program chairs and the Organizing Committee, it's our pleasure and very happy to brief about stimulating event ***3rd International conference on Data Engg and Communication Systems ICDECS-2019*** organized by Departments of CSE and ISE, RNSIT, Bengaluru. Data Engineering and Communication Systems deal with the use of techniques, methodologies in the design, development and assessment of information systems for different computing platforms and application environments. The 3rd International Conference on Data Engineering and Communication Systems (ICDECS-2019) acted as a premier forum for researchers and practitioners interested in advances and applications of Data Engineering, Image Processing and Communication Systems. It gave an opportunity to present and observe the latest research, results, and ideas in these areas. (ICDECS-2019) aims to strengthen relationships between Industries, Organizations and Institutions. The objective of this conference was to share the research ideas & solution approaches for problems of today's Communication and Information Systems.

This Conference has provided all of us, a unique opportunity to participate, present and discuss the concepts, emerging trends, techniques, new developments and the experiences in Data Engineering and Communication Systems. Organizing an international conference of this stature was a difficult proposition. We were indeed very happy and honored to have about 300+ delegates from different parts of the state and country, making this conference a truly exceptional one. ICDECS-2019 featured 21 technical paper presentation sessions, a research conclave with 3 parallel sessions, a distinguished talk and an invited talk, two tutorials and one panel discussion addressing emerging technologies and latest results in all the established theme areas of the conference. We solicited solid quality research works from a broad range of the conference theme areas that has resulted in a total of over 203 innovative submissions from more than 600 research scholars, faculty & Students of IITs, NITs, IIITs, Industries and 78 reputed Institutions/Universities from most of the states in India and Abroad. *Strong support and active participation of all the delegates have made this conference*, a *record-breaking event*. We appreciate and extend our frank recognition to over 600 authors for their quality contributions. We had a great task of reviewing this large number of quality submissions that were categorized under three themes: Data Engg, Image Processing and Communication Systems. Around 163 papers were presented in this two-day deliberation.

This conference began with an opening distinguished talk by Mr. Ramesh C Pathak, Chief Architect at IBM, Bengaluru and followed by an invited talk from Dr. S S Iyengar, Ryder Professor and Director, SC&IT, Florida International University, USA Furthermore, we had arranged 2 tutorials that cover fundamentals, emerging technologies and research avenues with the case studies on the conference theme areas. These were

1. Advances and Research Avenues in Networking and Tools by Dr. Mohith P Tahiliani, Assistant Professor, NITK, Surathkal
2. Intelligent Data Centers for next generation AI based Applications by Mr. Sidharth Patil, Expert Technologist, Hewlett-Packard Enterprise, Bengaluru

In addition, a technology application panel discussion on **Impact of AI and ML on Digital Science and Engineering**, has been arranged. The members of the panel include:

Chair Person: Dr. T N Nagabhushan, Principal, SJCE, Mysuru

Prof. K Gopinath, Professor, Computer Science & Automation, IISc, Bengaluru

Mr. Aadithya Hatwar Hosabettu, Lead Data Scientist, Ola Data Sciences, Ola, Bengaluru

Mr. Manikantan, CTO, Director, Ab Stream, Bengaluru

Mrs. Rathnaprabha T M, Director, Head of Innovation and Digital Transformation, Society General in India and Romania, Bengaluru

We were fortunate to have some of the leading researchers as invited speakers and panel members; we recognize all of them for sharing their visions and insights with us. These invited talks, tutorials, and panel discussions provided an opportunity to interact with the best minds for Inspiration and guidance
We brought out the conference proceedings that contained abstracts of quality contributions made by the researchers at this conference in the form of printed book with an ISBN in one volume. Best paper award, one on each theme has also presented to encourage and recognize the true efforts of the researchers.

We acknowledge sincerely and express our deep sense of gratitude for the great support from our beloved Chairman Dr. R N Shetty, for his magnanimity in hosting this conference at our campus. Without his support, this conference would not have seen its reality. We owe our special heartfelt thanks to Patron of this conference Dr. H N Shivashankar and the General Chair Dr. M K Venkatesha, Deans, HODs, Registrar, faculty & supporting staff members of CSE and ISE departments, volunteers and all those who directly or indirectly helped us in making ICDECS-2019 a grand success.

EVENTS HELD DURING November 2018 TO July 2019

The Cultural Activity Team of RNSIT , well received as CAT has always been at the forefront to bring forth the budding talents of the institution.CAT has played a vital role in organizing zestful fests and events since its flying start. The Cultural Activity Team is headed by Mrs.Sampada Salgame,Assistant Professor,Dept. of CSE.The student secretaries Greeshma J Gowda (ECE) and Aditya Kothari (CSE) along with joint secretaries Spoorthy Bhat (CSE), Anupama (Mech),Harshavardhan(ECE),Prajwal Vishwanath(ISE),Yash Kumar Singh(EEE), Nagbhushan(Civil),Nikhil Nandalike(EIE) were incharge of organizing the events successfully. The two paramount fests conducted by the CAT are PARICHAY-the annual intracollegiate fest and PANTHEON-biannual intercollegiate,techno cultural fest.

As a team, CAT began its work with the colourful event of *Kannada Rajyotsava in November 2018*.The event was celebrated with an air of grandeur.The students were clad in the ethnic attire of this land. The chief guest for the function was the very talented Indian playback singer **Dr.Shamitha Malnad** ,she ennobled the occasion and appreciated the celebration of Rajyotsava. The event was thoroughly celebrated and enjoyed by one and all in the campus.

A two day intra college fest *PARICHAY-19 with the theme 'A Game of Shades' was scheduled on the 7th and 8th of May*. The intracollegiate fest witnessed the healthy competition between the different departments of RNSIT. The students actively took part in various events of their interest.The fest was inaugurated by a renowned film-maker and lyricst of Kannada film industry **Mr.Manju Mandavya.** The live *VH1 Supersonic* campus and **Hanna Shine** concert were the programs that grabbed the focus of the student folk. This fest provided a platform to explore the hidden talents of the dynamic students of RNSIT.

"Synapse" the college dance team achieved great feat this year by participating in various college fests and also by bagging prizes in most of the competitions held in other colleges.The college theatre troupe "Ackrit" has also come up with different street plays,creating awareness about several important social issues with their innovative ideas.These groups have always come up with the best possible performances and represented RNSIT in various institutions in and around Bangalore.

The Cultural Activity Team is constantly striving towards nurturing the talents in the college and giving it the right direction and the correct platform. In the hands of its dedicated members and volunteers,the CAT is sure to multiply its potential and work harder for the future events of the college.
