Thank you for registering in the Cyber Crime Intervention Officer Program. You have taken the most crucial step to becoming a first responder to cybercrimes around you.

The CCIO is a course designed for parents, teachers, counselors, and LEAs to provide them with essential background on cyberpsychology and cybercrimes. The course lets you detect early signs of problems in school children, teenagers and your loved ones affected by their online activities and equips you with proper guidance and counseling for timely and decisive intervention. The course will also cover aspects related to banking and legal remedies for the same.

The course lectures will be held on the following dates from 3 to 5:30 PM:

14th May 2021
15th May 2021
21st May 2021
22nd May 2021
28th May 2021
29th May 2021

If you miss any of the lectures, you can always see the recordings that will be made available on the e-learning platform. Details of the portal will be provided once live sessions begin

You will get weekly assignments and research work to enhance your course understanding. At the end of the course, you can take the CCIO online exam (50 Multiple choice questions) to earn the CCIO certificate and ID Card (shipped locally within India).

The exam tests your understanding of various cyber crimes and best practices for intervention. If you do not earn the required 60% score, you can retake the exam (at no additional cost) after a cooling period of a minimum of 15 days. Please pay attention to the lectures and do your homework!

The video lectures by the Instructors will be held on Cisco WebEx and the meeting details are below:
